

CHEM 490: Undergraduate Research Project
Faculty Advisor Endorsement and Departmental Permission

Note: All students must arrange for a Malaspina Chemistry Instructor to serve as a research advisor or co-advisor. A co-advisor is required when a student plans to work with a research scientist external to the Malaspina Chemistry Department; the Chemistry Department Chair must approve this arrangement. Registration in CHEM 490 is complete and guaranteed upon acceptance of this form by the Malaspina Chemistry Department Chair. Any change in project topic or advisor after submission of this form without prior approval from the Chemistry Department Chair will result in your withdrawal from CHEM 490.

1) Student Name (*print*) _____

2) Student Number: _____

3) Have you successfully completed 9 Upper-Level Chemistry credits? (circle) **Yes** **No**

Specify upper level Chemistry courses completed: _____

4) What is the title of your research project?
