

**MATH 101 Section S11N01**  
**Calculus for Engineering**  
**and Physical Sciences II**  
**Jan - Apr 2011**

As a result of the Mar 10 to Apr 11 strike the term has been shortened and consequently the syllabus and grading scheme have been revised. The following is a tentative schedule for the remainder of the term. Note that we are still awaiting the final word from the Administration as to whether Monday April 25 (normally the Easter Monday holiday) will be a regular teaching day.

**Schedule and Topics**

Wed Apr 13:	8.2 - Series
Fri Apr 15:	8.3 - The Integral and Comparison Tests
Mon Apr 18:	8.5 - Power Series
Wed Apr 20:	8.7 - Taylor and Maclaurin Series
Mon Apr 25*:	8.8 - Applications of Taylor Polynomials
Wed Apr 27:	Test 3
Fri Apr 29:	Introduction to Complex Numbers (notes provided)

\* tentative

**Revised Grading Scheme**

Best two tests:	66% (33% each)
Lowest test:	19%
Best 3 of 4 quizzes:	15% (5% each)
Total:	100%
